

Commercial Motor

The UK's number one weekly title for the road transport industry

The magazine

Commercial Motor magazine has been in print since 1905 and is a must-read publication for anyone running, buying or selling new or used commercial vehicles. 95% of **Commercial Motor** copies are paid for which means that your advertisement is seen within the pages of an established and well-read magazine. Readers have been on average reading the publication for over 10 years

Reader survey

We undertake reader research every six months to ensure that we are delivering the best and most relevant features and news.

On average our readers spend 51 minutes reading the magazine

They also pass it on giving a total of 2.4 readers per copy

Combining the readers per copy with the circulation gives us 15,062 readers who will see your adverts every week.

The editor

Every Thursday morning **Commercial Motor's** readers are faced with a huge dilemma - which half of the magazine to read first! They could start at the back, and scour the 1,000s of quality used trucks and trailer classified adverts, where they could very well snap-up a fantastic bargain. Or, they could start reading from the front, where they'll be among the first to learn what's new in the world of trucks. Every week our team of experienced journalists drive the commercial vehicles that British hauliers buy. Our in-depth road tests, head-to-head features, group tests and driving impressions help readers make informed purchasing decisions.
